

DIGITAL AGENCY

Motion Designer / Digital Artist

Cologne

We are looking for a motion designer (m/f) or a digital artist (m/f) to strengthen our creation at the Cologne office.

You are a motion/digital creative who doesn't only have excellent cutting and editing skills, but starts at storyboarding / visioning a project. Ideally you have experience not only in cutting/editing/VFX but also 3D experience. We don't create static movies...but also interactive experiences to be used in Digital Signage, Virtual Reality, Interaction in Space, MotionUI Design and more.

You work together in a highly interactive and digital environment with a passionate team who wants to do the next big thing.

Bring along:

- Excellent video editing/compositing/grading/storytelling
- Create style frames, themes, animations and storyboards for our interactive projects
- Advice and support for installations, VR/3d productions from brainstorming to production
- Jump into live action shootings, for case films, / behind the scenes

Please send your application not via snail mail, but via mail to jobs@demodern.de
